

BETÜL AZAKOĞLU

COMPUTER ENGINEER

SUMMARY

Soon-to-be graduate of computer engineering from Istanbul University Cerrahpasa with a passion for software development. I have a childhood interest in computers, which led me to pursue a career in the field instead of architecture. As a quick learner, I am eager to start my career and gain hands-on experience in a dynamic and challenging work environment. I am ready and willing to undergo training to continuously improve my skills and excel in the industry.
